CAREER OBJECTIVE

To secure a challenging position in a reputed organization where I can apply my programming, problem-solving, and web development skills to build efficient solutions. I aim to contribute to real-world projects while continuously enhancing my technical knowledge and gaining practical experience. Committed to learning, adapting to new technologies, and delivering value to the organization through dedication and innovation.

EDUCATION

Ashoka Women's Engineering College, Kurnool <i>B.Tech in Computer Science and Engineering</i>	2023-2027 Percentage: 84.8
• The Nandyal Junior College, Nandyal <i>AP Board of Intermediate in MPC</i>	2021-2023 Percentage: 95.9
• AP Residential School for Girls, Banavasi <i>AP Board of Secondary Education</i>	2020-2021 Percentage: 98.0

TECHNICAL SKILLS

- **Programming Languages:** JAVA, SQL, PYTHON, C, C++
- **Web Technologies:** HTML, CSS, JavaScript
- **Core Skills:** Data Structures & Algorithms
- **Database Systems:** DBMS, MySql
- **Data Visualization:** Excel, Word, PPT
- **Tools:** Canva, VS Code, GitHub

TECHNICAL SUMMARY

Programming Languages:

- Proficient in **Java**, enabling development of object-oriented applications with a strong grasp of core programming concepts. Skilled in **SQL** for querying, manipulating, and managing relational databases effectively.

Technologies:

- Experienced in building responsive and interactive web pages using **HTML**, **CSS**, and **JavaScript**. Knowledge of **Node.js** allows for backend development and server-side scripting, supporting full-stack web application development.
- Familiar with **DBMS** concepts and experienced in **MySQL** for designing schemas, writing queries, and performing CRUD operations.
- Proficient in **Excel** and Word for documentation.
- Proficient in **Visual Studio Code** (VS Code) for code editing and debugging. Comfortable using **Git** for version control, code collaboration, and project tracking.

PERSONALITY TRAITS

- **Growth Mindset** - Always open to learning and improving through feedback
- **Time Management** - Ability to meet deadlines under pressure
- **Adaptability** - Comfortable with change and learning new technologies quickly

PROJECTS

Complaint Management System(CMS)

Role Played: *Team Leader*

April 2026

Languages: *ReactJS, NodeJS, MySQL*

- Developed a web-based platform for students to raise and track complaints
- Implemented role-based access for admins to manage and resolve issues
- Designed system to improve transparency, efficiency, and response time
- Reduced complaint resolution time by enabling faster tracking and management

TRAININGS ATTENDED

SMART INTERVIEWS - DATA STRUCTURES AND ALGORITHM PROGRAM(February 2025)

- Learned advanced problem-solving techniques in **DSA**, and participated in mock technical contests. Topics covered: **Arrays, Trees, Graphs, Dynamic Programming**, and more.
- Solved 100+ curated coding problems and implemented problems in Java

DECLARATION

I hereby declare that the above provided information are true and correct to the best of my knowledge and belief.
